Our Services

We Make The Best Gardening Tools

OEM

Shang Gu is a cutting-edge manufacturer of garden shears, scissors, and long pruning tools. Its core competence is the cutting edges, from the most delicate small size scissors to the toughest tree pruning shears. Shang Gu serves more than 2000 garden tool focus importers and traders. Its products serve not only professional users but all those who care about their performance with the tool they use, such as high-end DIY users.

ODM

Shang Gu's professional R&D capability advance itself to become an original design manufacturer. Shang Gu corporates with well-known brand companies, such as Fiskars, Spear & Jackson, Gardena, Ames, and Worth Garden. Shang Gu concentrates its resources on producing a focused range of products that are outstanding for particular users' requirements or preferences.

BRANDING

Shang Gu believes in developing tools which are long lasting, yet still lightweight to offer the best cutting performance. Therefore, Shang Gu created a gardening tool brand – Hokas. Each product is under immersive test, research development, well manufacturing and 100% inspection to ensure Hokas products help users make gardening life easier and more enjoyable to transform their outdoor spaces.

ISO

Through 9001 Quality Management System and ISO 14001 Environmental Management, Shang Gu ensures all products quality and service consistently meet customer's requirements. By Systematic production process management, productions meet environment friendly requested.

SGS

Shang Gu has had SGS System Certification, products are inspected, certified and test approved by SGS. Shang Gu executes all products process checking in order to reach standard requirement.

TUV

GS mark is the only legal product safety signs in German industry. It represents products "have been tested and security" in line with the relevant safety standards. Shang Gu's garden products have passed GS's factory audit, acquired TUV/GS mark label and gained TUV/GS product safety certification.

VPA

Shang Gu is an VPA/GS certificated garden tools manufacturer in Taiwan. From materials purchasing, manufacturing process to products shipment, Shang Gu executes strict process review and high quality control.

Milestones Of Shang Gu

Establish a happy enterprise by Putting Heart and Vision Back Into Business

Established in 1991, Shang Gu has continued to engage excellence in the gardening tools field. From production, product development, marketing to customized products and services, its flexibility and integrated coordination have successfully brought Shang Gu to meet customer satisfaction. Shang Gu will keep on devoting to grow and provide high quality service, in line with the needs of customers around the world.

Chia Cheng Die-casting factory was established. Product ranges included garden tool handles, lighting products and auto-mobile tools.

Shang Gu was established. It assembled and exported gardening tool products.

Shang Gu had developed its full range of garden tools: lopping shear, hedge shears, edge shears, tree pole pruners, pruners, grass shear and garden tool sets.

ISO9001 Quality Management System certified.

Started OEM business with UK, Germany and USA customers.

TUV/GS and VPA/GS's factory audit approved.

Awarded Top 1000 D&B Elite SME and launched ISO14001 Environmental Management.

We started the 1st ODM project with the UK customer.

Implemented ERP system.

Factory expanded, increased work station and improved assembly line efficiency.

Implemented CIS system.

Implementing ISO 14064 for greenhouse gas emissions and removals.

Own-brand "HOKAS" was established and to create brand awareness.

Grinding house set up with Automated / Servo Motor grinder machines. It enhances efficiency and precise in-process quality control.

The Best Plant Care Gardening Tools

S851

Anvil Pruning Shears

Size	8 1/4" (210mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum handles with PVC grips
Safety lock	Zinc material
Spring	Coil spring
Packing	Sliding Card

S850

By-pass Pruning Shears

Size	8 1/4" (210mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum handles with PVC grips
Safety lock	Zinc material
Spring	Coil spring
Packing	Sliding Card

S844

Anvil Pruning Shears

Size	8 1/4" (210mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum handles with PVC grips
Safety lock	Zinc material
Spring	Coil spring
Packing	Sliding Card

S841

By-pass Pruning Shears

Size	8 1/4" (210mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum handles with PVC grips
Safety lock	Zinc material
Spring	Coil spring
Packing	Sliding Card

S810
Aluminum By-pass Pruning Shears

Size	8 1/2" (215mm)
Upper blade	Middle Carbon Steel S50C with non stick coating
Lower blade	Middle Carbon Steel S50C with black oxide
Handles	Aluminum handles with PVC grips
Safety lock	Normal steel
Spring	Volute spring
Packing	Sliding Card

S806
Aluminum By-pass Pruning Shears

Size	8 1/2" (215mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum handles with PVC grips
Safety lock	Zinc material
Spring	Volute spring
Packing	Sliding Card

S929
Ratchet Anvil Pruning Shears

Size	8" (203mm)
Blade	High Carbon Steel SK5 with non stick coating
Handles	Aluminum with PVC grips
Safety lock	ABS material
Spring	Coil spring
Packing	Sliding Card

S919
Ratchet Anvil Pruning Shears

Size	8" (203mm)
Blade	High Carbon Steel SK5 with non stick coating
Handles	Aluminum with PVC grips
Safety lock	ABS material
Spring	Coil spring
Packing	Sliding Card

S820
Ratchet Anvil Pruning Shears

Size	8" (202mm)
Blade	High Carbon Steel SK5 with non stick coating
Handles	Aluminum handles with powder coating
Safety lock	PP material
Spring	Coil spring
Packing	Sliding Card

S990
Anvil Pruning Shears

Size	8 1/4" (212mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+20%GF
Safety lock	POM
Spring	Volute spring
Packing	Sliding Card

S989
By-pass Pruning Shears

Size	8 1/4" (212mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+20%GF
Safety lock	POM
Spring	Volute spring
Packing	Sliding Card

S988
Anvil Pruning Shears

Size	8 1/4" (212mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+20%GF with soft TPR
Safety lock	POM
Spring	Volute Spring
Packing	Sliding Card

S986
By-pass Pruning Shears

Size	8 1/4" (212mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+20%GF with soft TPR
Safety lock	POM
Spring	Volute spring
Packing	Sliding Card

S995
Floral Shears

Size	9" (227mm)
Blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+20%GF with soft TPR
Safety lock	POM
Spring	Volute spring
Packing	Sliding Card

S985
Floral Pruning Shears

Size	7" (178mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	POM material
Spring	Coil spring
Packing	Sliding Card

S984
Anvil Pruning Shears

Size	7" (178mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	POM material
Spring	Coil spring
Packing	Sliding Card

S983
By-pass Pruning Shears

Size	7" (180mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	POM material
Spring	Coil spring
Packing	Sliding Card

S963-2
Multi-Purpose Scissors

Size	8 4/5" (225mm)
Upper blade	Stainless Steel 420-2B
Lower blade	Stainless Steel 420-2B
Handles	PP+10%GF with soft TPR
Sheath	PP
Packing	Sliding Card

S962
Anvil Pruning Shears

Size	8 1/4"(210mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	TPEE material
Spring	Volute spring
Packing	Sliding Card

S961
By-pass Pruning Shears

Size	8 1/4"(210mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	TPEE material
Spring	Volute spring
Packing	Sliding Card

S957
Anvil Pruning Shears

Size	7 1/2" (190mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles
Safety lock	PP material
Spring	Volute spring
Packing	Sliding Card

S956
By-pass Pruning Shears

Size	7 1/2" (190mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles
Safety lock	PP material
Spring	Volute spring
Packing	Sliding Card

S950
Floral Pruning Shears

Size	8" (205mm)
blade	High Carbon Steel SK5 with chrome plating
Handles	PP+10%GF with insert molded enforcing metal piece
Safety lock	Metal
Spring	Coil spring
Packing	Sliding Card

S949
Anvil Pruning Shears

Size	8" (200mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with black zinc plating
Handles	PP+10%GF with insert molded enforcing metal piece
Safety lock	Metal
Spring	Coil spring
Packing	Sliding Card

S948
By-pass Pruning Shears

Size	8" (200mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP+10%GF with insert molded enforcing metal piece
Safety lock	Metal
Spring	Coil spring
Packing	Sliding Card

S547
Floral Pruning Shears

Size	7 1/2" (190mm)
blade	High Carbon Steel SK5 with chrome plating
Handles	TPR handles
Safety lock	Normal steel
Spring	Coil spring
Packing	Sliding Card

S546
By-pass Pruning Shears

Size	7 1/2" (195mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	TPR handles
Safety lock	Normal steel
Spring	Coil spring
Packing	Sliding Card

S940-1
By-pass Pruning Shears

Size	8" (203mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	TPR handles
Safety lock	Normal steel
Spring	Torsion spring
Packing	Sliding Card

S935
By-pass Pruning Shears

Size	7" (178mm)
Upper blade	High Carbon Steel SK5 with non stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	PP handles with TPR grips
Safety lock	POM material
Packing	Sliding Card

S537-3
Floral Pruning Shears

Size	7 1/2" (193mm)
blade	Stainless steel with polish finished
Handles	PP handles with TPR grips
Safety lock	ABS material
Spring	Coil spring
Packing	Sliding Card

S537-1
Floral Pruning Shears

Size	6" (152mm)
blade	Stainless steel with polish finished
Handles	PP handles with TPR grips
Safety lock	ABS material
Spring	Coil spring
Packing	Sliding Card

PE Tool Shell (Potional)

S536-1
By-pass Pruning Shears

Size	6" (152mm)
blade	Stainless steel with polish finished
Handles	PP handles with TPR grips
Safety lock	ABS material
Spring	Coil spring
Packing	Sliding Card

S532
Floral Pruning Shears

Size	6 1/4" (155mm)
blade	Stainless steel with polish finished
Handles	PP+TPR handles
Packing	Sliding Card

Your Personal
Tool for
Everyday
Garden Task

S526 By-pass Pruning Shears

Size	8" (203mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Steel handles with liquid coating
Safety lock	Zinc material
Spring	Torsion spring
Packing	Sliding Card

S524 Anvil Pruning Shears

Size	7 1/2" (190mm)
Upper blade	High Carbon Steel SK5 with chrome plating
Lower blade	Alumium anvil
Handles	Chrome plated metal handles with PVC grips
Safety lock	Nylon material
Spring	Torsion spring
Packing	Sliding Card

S523-1 Floral Trimming Shears

Size	8 1/2" (215mm)
blade	High Carbon Steel SK5 with chrome plating
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Torsion spring
Packing	Sliding Card

S520 Floral Pruning Shears

Size	7 1/2" (190mm)
blade	420- J2 stainless steel
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S515
By-pass Pruning Shears

Size	7" (178mm)
Upper blade	High Carbon Steel SK5 with black oxide
Lower blade	Middle Carbon Steel S50C with black oxide
Handles	Black oxide finished metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S516
By-pass Pruning Shears

Size	7" (178mm)
blade	420-J2 stainless steel
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S517
Curved Floral Pruning Shears

Size	6" (152mm)
blade	420-J2 stainless steel
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S518
Curved Floral Pruning Shears

Size	7 1/4" (185mm)
blade	420-J2 stainless steel
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S519
Floral Pruning Shears

Size	6 1/2" (165mm)
blade	420-J2 stainless steel
Handles	Chrome plated metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S514
Curved Floral Pruning Shears

Size	6" (152mm)
blade	High Carbon Steel SK5 with black oxide
Handles	Black oxide finished metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S513
Curved Floral Pruning Shears

Size	7 1/2" (190mm)
blade	High Carbon Steel SK5 with black oxide
Handles	Black oxide finished metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S508
Floral Pruning Shears

Size	6" (152mm)
blade	High Carbon Steel SK5 with black oxide
Handles	Black oxide finished metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S501
Floral Pruning Shears

Size	7 1/2" (190mm)
blade	High Carbon Steel SK5 with black oxide
Handles	Black oxide finished metal handles with PVC grips
Safety lock	PVC material
Spring	Coil spring
Packing	Sliding Card

S654
Lightweight Bypass Lopper

Size	21" (535mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum Tube with Anodized Silver
Grip	TPR

S676-1
Lightweight Hedge Shears

Size	21-1/4" (540mm)
Upper blade	Middle Carbon Steel S50C with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum Tube with Anodized Silver
Grip	TPR

S664
Lightweight Anvil Lopper

Size	21" (535mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Anvil	Aluminum Die-casting with clear lacquer
Handles	Aluminum Tube with Anodized Silver
Grip	TPR

S677
Lightweight Telescopic Hedge Shears

Size	27"~39-1/2" (695~1005mm)
Upper blade	Middle Carbon Steel S50C with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum Tube with Anodized Silver
Grip	TPR

S676
Lightweight Hedge Shears

Size	26" (660mm)
Upper blade	Middle Carbon Steel S50C with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Handles	Aluminum Tube with Anodized Silver
Grip	TPR

S656
29" Heavy Duty Bypass Lopper

Size	29" (736mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with non-stick coating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PP+TPR

S667
32" Heavy Duty GEAR Anvil Lopper

Size	32" (812mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with Chrome Plating
Link	Middle Carbon Steel S50C with Chrome Plating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PP+TPR

S666
29" Heavy Duty Anvil Lopper

Size	29" (736mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with non-stick coating
Anvil	Aluminum with clear lacquer
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PP+TPR

S678
23" Heavy Duty Hedge Shears

Size	23" (584mm)
Blades	Middle Carbon Steel S50C with non-stick coating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PP+TPR

S657
32" Heavy Duty GEAR Bypass Lopper

Size	32" (812mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with non-stick coating
Link	Middle Carbon Steel S50C with non-stick coating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA+GF30% / TPR

S652
22"~30" Heavy Duty Telescopic Bypass Lopper

Size	22"~30" (558~762mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA+GF30% / TPR

S668
25"~33" Heavy Duty Telescopic Gear Anvil Lopper

Size	25"~33" (635~838mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with non-stick coating
Link	Middle Carbon Steel S50C with non-stick coating
Anvil	Aluminum with clear lacquer
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA+GF30% / TPR

S665
22"~30" Heavy Duty Telescopic Anvil Lopper

Size	22"~30" (558~762mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with chrome plating
Anvil	Aluminum with clear lacquer
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA+GF30% / TPR

S679
27"~32" Heavy Duty Telescopic Hedge Shears

Size	27 ~ 32" (658 ~ 812mm)
Upper blade	Middle Carbon Steel S50C with Non-stick coating
Lower blade	Middle Carbon Steel S50C with Chrome Plating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA6 + GF30% / TPR

S653
25"~33" Heavy Duty Telescopic Gear Bypass Lopper

Size	25"~33" (635~838mm)
Upper blade	High Carbon Steel SK5 with non-stick coating
Lower blade	Middle Carbon Steel S50C with non-stick coating
Link	Middle Carbon Steel S50C with non-stick coating
Tube Cover	PP with TPR bumper
Tube	Aluminum Tube with Anodized Silver
Grip	PA+GF30% / TPR

S205
360 Degree Rotation Grass Shear

Size	13 1/2" (343mm)
Upper blade	Middle Carbon S50C with non stick coating
Lower blade	Middle Carbon S50C with chrome plating
Handles	ABS material
Safety lock	POM material
Spring	Coil spring
Packing	Sliding Card

S203
180 Degree Rotation Grass Shear

Size	12 1/2" (318mm)
Upper blade	Middle Carbon S50C with non stick coating
Lower blade	Middle Carbon S50C with black oxide
Handles	Steel with powder coating and PVC grips
Safety lock	Normal steel
Spring	Torsion spring
Packing	Sliding Card

S126

14-1/2" Q'neck power-lever By-pass Tree Pruner

Size	14 1/2"(367mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle carbon S50C with non stick coating
String	169" (4290mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S124

14" Q'neck Gear Type Anvil Tree Pruner

Size	14" (355mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle Carbon S50C with powder coating
String	169" (4290mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S122

14" Q'neck Ratchet Bypass Tree Pruner

Size	14" (355mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle carbon S50C with painting Q'neck: ABS
String	169" (4290mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S121

14" Q'neck Ratchet By-pass Tree Pruner

Size	14" (355mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle Carbon S50C with powder coating
String	169" (4290mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S109

15-1/2" Ratchet By-pass Tree Pruner with Extensible Lever

Size	15 1/2" (394mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle Carbon S50C with powder coating
String	139" (3530mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S108

11-1/2" Ratchet By-pass Tree Pruner

Size	11 1/2" (293mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle Carbon S50C with powder coating
String	139" (3530mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S104

12" By-pass Tree Pruner

Size	12" (310mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle Carbon S50C with powder coating
String	139" (3530mm)
Saw	1.0mm x 360mm (14")
Packing	Double Blister

S150
Long Reach Pruner & Picker

Size	60" (1545mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle carbon S50C with plating
Handle	Aluminum tube with powder painting
Packing	Pouch Bag

S150-1
Long Reach Pruner & Picker

Size	90" (2300mm)
Blade	High Carbon Steel SK5 with non stick coating
Body	Middle carbon S50C with plating
Handle	Aluminum tube with powder painting
Packing	Pouch Bag

S115
Anvil Telescopic Long Reach Tree pruner

Min Length	71" (1800mm)
Max Length	118" (3000mm)
Upper blade	High Carbon Steel SK5 with Electrophoretic
Lower blade	Middle carbon S50C with Electrophoretic
Handle	Telescopic tube with anodized Finished
Saw	1.0mm x 300mm (11 4/5")
Packing	Tie on Card

S114
Anvil Telescopic Long Reach Tree pruner

Min Length	74" (1880mm)
Max Length	121" (3080mm)
Upper blade	High Carbon Steel SK5 with Electrophoretic
Lower blade	Middle carbon S50C with Electrophoretic
Handle	Telescopic tube with anodized Finished
Saw	1.0mm x 300mm (11 4/5")
Packing	Tie on Card

S713
15 1/2" Folding Pruning Saw

Size	15 1/2" (400mm)
Blade	High Carbon SK4 with hard chrome plating
Hardness	52-54HRC
Saw	Saw tooth triple-side gear grinding
Handle	ABS & TPR / Anti-slip & Ergonomics
Packing	Sliding Card

S712
16" Folding Pruning Saw

Size	16" (406mm)
Blade	High Carbon Steel SK5 with hard chrome plating
Hardness	51-54HRC
Saw	Saw tooth triple-side gear grinding
Handle	Dual color with soft grip
Packing	Sliding Card

S711
17" Pruning Saw with PP Material Sheaths

Size	17 " (440mm)
Blade	Blade High Carbon Steel SK5 with rust-preventive hard chrome plating
Hardness	52-54 HRC
Saw	Saw tooth triple-side gear grinding
Handle	ABS & TPR anti-slip ergonomic handle
Packing	Sliding Card

S141-2
Q'neck Pruning Saw 15" 2 Sides Sharpend Hook Blade

Saw Length	15" (380mm)
Blade	High Carbon SK5 steel
Hardness	HRC 45-48
Thickness	1.2mm
Grip	ABS material
Packing	Double Blister

S138-2
Q'neck Pruning Saw 14" Curved 3 Sides Sharpened Blade

Saw Length	14" (355mm)
Blade	High Carbon SK5 steel
Hardness	HRC 45-48
Thickness	1.2mm
Grip	ABS material
Packing	Double Blister

S138-1
Q'neck Pruning Saw 14" Curved 2 Sides Sharpened Blade

Saw Length	14" (355mm)
Blade	High Carbon SK5 steel
Hardness	HRC 45-48
Thickness	1.0mm
Grip	ABS material
Packing	Double Blister

Smart and
Safe Solution
for Tree
Pruning

G007-1
192" Three Sections Telescopic FRP + Aluminum Pole

Description / Size	192"
Min Length	243cm
Max Length	487cm
Weight	1.5kg

G005
Two Sections Telescopic FRP Pole

Description / Size	96"	120"	144"
Min Length	135cm	166.2cm	197cm
Max Length	247cm	306.3cm	367cm
Weight	0.9kg	1.1kg	1.35kg

Two Sections Telescopic Aluminum Pole

Description / Size	96"	120"	144"
Min Length	132cm	161cm	197cm
Max Length	243.4cm	304cm	367cm
Weight	0.5kg	0.63kg	0.75kg

G003
Two Sections Telescopic Steel Pole

Description / Size	96"	120"	144"
Min Length	132cm	161cm	197cm
Max Length	243.4cm	304cm	367cm
Weight	1.08kg	1.35kg	1.62kg

Start a New Day with Great Rake Care

S309
25T Shrub Rake

Rake head width	20" (508mm)
Rake head Material	Steel with powder coating
Handle	W : 7/8" x 48" Aluminum handle
Packing	Bulk

S308
15 Tines Telescopic Adjustable Rake

Size	31"~50.5" (787mm~1282mm)
Rake head width	7"~22" (178mm~560mm)
Rake head Material	Steel wire with zinc plated
Handle	5/8" x 3/4" x 48" Telescopic Steel handle with zinc plated
Grip	PVC material
Switch	PP material
Packing	Bulk

S307
15 Tines Adjustable Rake

Rake head width	7"~22" (178mm~560mm)
Rake head Material	Steel wire with zinc plated
Handle	3/4" x 48" Steel Handle with zinc plated
Grip	PVC material
Switch	PP material
Packing	Bulk

INFORMATION

Product Features

- **Cutting Capacity**
Shows the maximum cutting diameter.
- **Telescopic Adjusted Sections**
The length of the product can be adjusted.
- **Cut & Hold Blade**
"Cut & hold" feature for fruit and flower harvesting fast and easily.
- **Soft Grip**
Comfortable softgrip handle.
- **360° Rotating Blade Head**
Best trim blade for edges of the lawn.
- **Safety**
Loop helps to shield fingers when cutting.
- **Auto Lock**
One touch opening lock.
